

HIGH PRESSURE REGULATOR

A heavy duty regulator for general welding, cutting & purging purpose

- Body & housing cap are machine from Class A brass bar stock from max strength
- Sintered bronze inlet filter to trap impurities
- Suitable for Oxygen, Nitrogen & Inert Gas
- Purging, testing on pipes & heavy cutting

AW HIGH PRESSURE REGULATOR 450 PSI

PRODUCT DESCRIPTION

- Nitrogen/Inert Gas/ Hydrogen/Air
- Max. Delivery Pressure : 30BAR/450PSI
- Cylinder Pressure : 315BAR/4500PSI

HIGH PRESSURE REGULATOR

A heavy duty regulator for general welding, cutting & purging purpose

AW HIGH PRESSURE REGULATOR - 1000PSI

PRODUCT DESCRIPTION

- Nitrogen/Inert Gas/ Hydrogen/Air
- Max Delivery : 70BAR/1000PSI
- Cylinder pressure : 400BAR/6000PSI

AW HIGH PRESSURE REGULATOR - 2000PSI

PRODUCT DESCRIPTION

- Nitrogen/Inert Gas/ Hydrogen/Air
- Max Delivery : 140BAR/2000PSI
- Cylinder pressure : 400BAR/6000PSI

AW HIGH PRESSURE REGULATOR - 3000PSI

PRODUCT DESCRIPTION

- Nitrogen/Inert Gas/ Hydrogen/Air
- Max Delivery : 140BAR/2000PSI
- Cylinder pressure : 400BAR/6000PSI

- Heavy Duty Brass Ferged Body and Housing
- Sintered bronze inlet filter
- Easy to read dual scale gauges (BAR & PSI)
