CARBON STEEL FLUX CORED WIRE

SOREX SFC-71

AWS A5.20 : E71T-1C/M

Diameter	Standard Package	Standard Pallet	List Price	Net Price
1.2mm	15kg Spool	1080kg		
1.6mm	15kg Spool	1080kg		

Applications

All-positional rutile flux cored wire designed to be used with CO₂ or Ar/CO₂ gas mixture. It can be used on all-positional welds with both single and multiple pass welds for mild steel and low alloy steels. It is widely used for shipbuilding, storage vessels, structural fabrication, machinery and piping, etc.
